

# BV Series

## Replacement Heater Control Valves

***BV Series Replacement Heater Control Valves by Klima Design Works (patent pending) are designed to replace specific Bosch “monovalve” and “duovalve” heater control valves found in a range of 1980s-1990s Mercedes, BMW E24 and E28 Series, Bentley, Ferrari, and 1990s Volkswagen T4 EuroVans.***

### ***BV Series heater control valves offer:***

- **Drop-in fit.** Mount up to original brackets, hoses, and electrical connections.
- **Reliable operation.** Reliable at high engine RPMs, and extreme temps.
- **Longevity.** Provides years of like-new performance with field-rebuildable internals.

### ***BV Series valves are available for:***

**Mercedes W123** models with automatic climate Control III, MY 1981-198 (240D, 280CE, 300D, 300CD, 300TD & others). *See chart below for details.*

**Mercedes R107** models with Automatic Climate Control III, MY 1981-1989 (380SL, 560SL & Others). *See chart below for details.*

**Mercedes W126** models with Automatic Climate Control III, MY 1980-1991 (numerous models). Single and dual zone versions available. *See chart below for details.*

**BMW E24 and E28 Models** with Mono Valve, MY 1982-1988. *See chart below for details.*

**Ferrari** models 456, F40, F50, Mondial, Testarossa, & others. *See OE data for P/N 61079000.*

**Volkswagen EuroVan T4 Models** MY 1990-1999. *See chart below for details.*
